

TELESCOPIC FORKLIFT

Model Name: EFT40

SMART POWER IN EVERY LIFT

EFT40 Telescopic Forklift is designed to make heavy lifting feel effortless. With strong load capacity, smooth hydraulics, and precise boom control, it handles materials safely and accurately. Easy steering supports movement in tight spaces, while the reinforced frame and comfortable cabin ensure steady performance during long working hours.

Key Advantages

01

Strong Lifting Capability

Handles heavy loads with confidence, making it ideal for demanding job sites.

02

Smooth & Precise Operation

Advanced hydraulics provide accurate control over lifting and boom movements.

03

Easy Maneuverability

A flexible steering system allows smooth movement in tight spaces.

04

Durable Chassis Design

Rigid frame construction ensures long-term reliability and stability.

05

Operator-Friendly Cabin

Low noise, better visibility, and ergonomic layout improve working comfort.

06

Versatile Work Application

Supports quick attachment changes to adapt to different tasks efficiently.

General Performance

	Parameter	Specification
A General	Model	EFT40
	Rated Load	4000 kg
	Operating Weight	9500 kg
	Cab Width	0.9 m
	Tires	16/70-24
	Fork Size (L×W×T)	1200 × 125 × 45 mm
B Performance	Maximum Lifting Height	7 m
	Maximum Front Reach	3.6 m
	Lifting Time	11 s
	Lowering Time	8 s
	Extension Time	9 s
	Retraction Time	9 s
	Upper Tipping (Filling)	4 s
	Downward Tipping (Unloading)	4 s
C Dimensions	Overall Length (to Fork Carrier)	5.4 m
	Overall Width	2.26 m
	Overall Height	2.58 m
	Wheelbase	3.35 m
	Ground Clearance	0.36 m
	Turning Radius	3.75 m
D Engine	Manufacturer	Cummins
	Number of Cylinders	4
	Displacement	3.621 l
	Rated Output	97 kW
	Rated Torque	520 Nm
E Transmission	Number of Gears	F4 / R3
	Maximum Speed	28 km/h
E Capacities	Hydraulic Oil Tank	380 l
	Diesel Fuel Tank	170 l

Engirise presents the **EFT60 Telescopic Forklift**: 6,000 kg rated capacity, 17.6 m lift height, high-reach telescopic boom, smooth transmission, tubeless tires, ergonomic operator cabin, and OEM-quality components. Designed for heavy-duty industrial, construction, and agricultural applications.
